School/Department Selection

For General Visiting Students who will take courses:

If you are **not proficient in Chinese**, you have two options:

- (1) Mainly study Chinese (from elementary to advanced levels). At the same time, you may take English-taught courses, if you have such requirement from your home university, of no more than 6 credits in total each semester at other schools/departments (no department/school limit) if the courses and quotas are available. Please select “School of Chinese as a Second Language (对外汉语教育学院)” when completing the online application.
- (2) Or, give up Chinese language learning and only take English-taught courses (no department/school limit), if you have the burden of transferring more than 6 official credits back to your home university. Please select “other schools/departments (专业院系)” when completing the online application

If you are **proficient in Chinese**, you may take undergraduate courses within or outside of your current major. There is no department/school limit. Please select “other schools/departments (专业院系)” when completing the online application.

NOTES:

- (1) It is your responsibility to accurately test your Chinese language proficiency before filling out the Study Plan whether you are eligible to take Chinese-taught courses.
- (2) There will be NO Chinese Language Placement test at the beginning of the semester. For those who study Chinese at the School of Chinese as a Second Language, language class allocation will depend on the online self-assessment before your arrival and the face-to-face interview upon arrival at PKU.
- (3) English-taught master courses of special programs (MBA, Master in International Relations, Master in Public Policy, LLM in Law, Yenching Academy, etc.) are **NOT open** to university-wide exchange students. Medical Courses from the PKU Health Science Center are **NOT** open either.

For Senior Visiting Students
