## Postgraduate English Language Requirements

The following English language qualifications and tests are acceptable for entry to the University of Essex at the levels specified below. If you are taking an English language qualification that is not specified below, please contact the Postgraduate Admissions Office for advice on whether it is acceptable for entry. The levels below are the minimum entry requirements for admission to the University and are also in line with the UK Home Office's minimum requirements, applying to all students requiring a Student visa to study in the UK.

Your offer may include an English language requirement if your previous English language test was obtained more than five (5) years before your course start date. This is in line with University policy. If you are unsure why your offer specifies an additional English language test, please contact the Postgraduate Admissions Office and we can clarify this.

If your undergraduate degree was taught in English and delivered in person, then we may be able to accept it as proof of English proficiency. We will normally need your degree to have been completed no more than five (5) years before your course start date. We are not able to accept degrees delivered remotely (online).

You may be able to meet your English language requirement by taking a pre-sessional English pathway. These courses are delivered by the University of Essex International College.

Please see the information here: https://www.essex.ac.uk/international/pre-sessional

Our pre-sessional English courses are normally only valid for entry to a main course which starts immediately after the pre-sessional course.

If you take a pre-sessional English course but then are not able to start your main course in October, the pre-sessional course will not normally remain valid. If we can offer you a later start date for your main course, we may ask you for an alternative proof of your English language proficiency.

## Students requiring a UK Student visa

For students who will require a Student visa to study at the University of Essex, please see the information below:

- For students taking English language tests and requiring a Student visa to study at the University of Essex, all of the tests specified here are acceptable.
- If you are studying at degree-level and above, the tests can be taken at any test centre, not just approved test centres.
- If you will be studying a course below degree-level (including a pre-sessional English course) you will need to have taken an IELTS or Trinity test at an approved test centre.
- If you have taken more than one test, we will normally use your most recent test to determine your level of English proficiency, and (if applicable) to determine the length of pre-sessional English language course that you require.

## Exemptions

If you are a national or graduate of a UK Home Office defined majority English-speaking country, you may not need to take an English test to evidence your proficiency, please see Appendix 1 for further information.
