Americas Virtual Seminars

2024

Welcome to the 15th annual edition of the GRC Americas Virtual Seminars.

These seminars are designed to align with the thematic focus of the 2025 GRC Annual Meeting and STI regional priorities. This year's sessions will delve into two pivotal subjects:

SEMINAR I

Research Security and Integrity

This webinar aims to share perspectives on research integrity, ethics, and research security in the Americas region; and identify what is needed to build a shared culture to advance and safeguard research integrity in the region.
